

Environmental Projects in Kirklees provides practical solutions to environmental challenges across Kirklees, helping people take positive action for a healthier, greener future.

Our work supports communities to take climate action, care for local nature, enjoy green spaces, and choose more sustainable ways to travel and live.

**WALK>
>WHEEL
RIDE>**

Walk Wheel Ride is your guide to active travel in Kirklees, created and managed by EPIKS. We help make walking, wheeling (using a wheelchair or mobility aid), and cycling an easy and enjoyable part of everyday journeys.

Active travel improves health and wellbeing while helping reduce carbon emissions. Our Active Travel Hubs offer advice, resources and local support to help you travel actively and confidently.

IN THIS SERIES:

Edgerton
Gledholt Woods Nature Reserve
Greenhead Park Tour
Kilner Bank and the HRNP
King's Bridge
Longley Woods Nature Reserve
Snow Island

These maps were first developed as guided nature walks during 2025 and connect Huddersfield Railway Station with nearby green spaces.

The routes in this series encourage people to combine bus and train travel with walking, making it easy to access nature, support wellbeing, and explore Huddersfield.

We would like to thank everyone who attended these walks as part of our hub activities and to our funders:

West
Yorkshire
Combined
Authority

Tracy
Brabin
Mayor of
West Yorkshire

This walk is undertaken at your own risk, and Environmental Projects in Kirklees (EPIKS) cannot accept responsibility or liability for any injury, loss, or damage incurred while undertaking the route.

CREATED IN 2026

KING'S BRIDGE

Nature from the Station

A series of nature walks in and around Huddersfield Town centre, brought to you by Walk Wheel Ride
